

IMPORTANT NEWS & JOB OPPORTUNITIES FOR PHYSICIANS IN ALASKA – August 7, 2009

Information Collected by WWAMI—ALASKA'S MEDICAL SCHOOL

1. [Anchorage, Alaska](#) Alaska Family Medicine Residency seeks a BC Family Medicine (MD or DO) faculty physician. Can be full or part time. Our community based program trains residents for rural and underserved practices. Share both inpatient and outpatient teaching responsibilities. Work with culturally and ethnically diverse patients. Practice full-spectrum family medicine (OB optional). Live, practice and teach in a city with world-class recreational trails, salmon streams, moose, eagles, winter and summer recreation, arts and sports. Multi-lingual skills a plus. Program affiliated with Providence Alaska Medical Center, the state's most advanced tertiary center. Excellent compensation and benefits.

With 364 beds and a medical staff of 600, Providence Alaska Medical Center is the most comprehensive tertiary facility in the state and the only one with a dedicated Children's Hospital. Physicians enjoy broad cross-specialty support as well as flexible arrangements to meet individual needs. The campus is blessed with incredible mountain views and frequent wildlife sightings.

Alaska offers financial, cultural and recreational opportunities beyond compare. There is no state income or sales tax; in fact the state pays every Alaskan a yearly dividend from oil revenues! Anchorage, with 285,000 residents, is a modern American city surrounded by spectacular scenery and boundless outdoor recreation opportunities. Within the city limits are moose, bears, glaciers, hundreds of miles of trails for hiking, biking and skiing, a ski resort, golf courses, major dogsled race starts, and several peaks of the hugely popular Chugach Mountains. There are also shopping malls, world-class restaurants, brewpubs, two universities, a sports arena and a performing arts center.

The combination of urban and wild is what makes Anchorage such a special place. Where else can you catch a salmon in the shadow of skyscrapers, or meet a moose on your way to the symphony?

4. Statewide Opportunities in Alaska: The Alaska Tribal Health System (ATHS) is a system of small rural clinics and state-of-the-art hospitals in remote villages. Individual Alaska Native health corporations operate the hospitals and work in harmony with the Indian Health Service (IHS). The Alaska Native Medical Center (ANMC) in Anchorage is operated by the Alaska Native Tribal Health Consortium (ANTHC). ANTHC is a non-profit health organization owned and managed by the tribal governments and their regional health corporations.

We are seeking: Family Practice Physicians with or without OB, OB/GYNs, Internal Medicine, Hospitalist, Pediatricians, and Psychiatrists.

This office provides recruitment and referral services for the tribal health facilities in Alaska. Each facility we work with qualifies for the ***IHS Loan Repayment program***. Many also qualify for the ***National Health Service Corp loan repayment program***. To access information and videos about our great opportunities please visit our website at <http://www.anthc.org/jt/rec/> .

An exciting healthcare career and the lifestyle you've always dreamt of await you in Alaska!
